

ZONE CONTROL PANELS

These panels represent the most contractor-friendly zoning solution today. The ZP2 is a single-stage heat/cool panel designed to control 2 zones in residential and light commercial applications. The two ZP3 models are designed to fit three-zone applications for single-stage, multi-stage, heat pump or dual fuel systems in residential and light commercial applications. All panels can accommodate 2 or 3 wire zone dampers.

Features and Benefits:

- Auto changeover
- First call priority with time share
- Electronic discharge air sensor (sold separately)
- LED status indication
- Independent fan control by zone
- Short cycle protection
- Works with 2 or 3 wire zone dampers
- Purge cycle option (ZP3 panels only)

Warranty:

- 10 Years

ZP2-HC shown

Specifications:

Construction	Aluminum enclosure with snap-on panel cover
Mounting	Snap track with 2 back plate screws
Dimensions	8.00" Height x 6.00" Width x 1.50" Depth
Operating Temperature	-40° F to 150° F
Time Delays	3 minutes off between cooling calls 3 minutes off on low limit 20 minute time share
Discharge Air Limits	Preset Low Limit (45° F) Adjustable High Limit (130° F to 160° F)
