

ZONE CONTROL PANELS

These panels represent the most contractor-friendly zoning solution today. The ZP2 is a single-stage heat/cool panel designed to control 2 zones in residential and light commercial applications. The two ZP3 models are designed to fit three-zone applications for single-stage, multi-stage, heat pump or dual fuel systems in residential and light commercial applications. All panels can accommodate 2 or 3 wire zone dampers.

Features and Benefits:

- Auto changeover
- First call priority with time share
- Electronic discharge air sensor (sold separately)
- LED status indication
- Independent fan control by zone
- Short cycle protection
- Works with 2 or 3 wire zone dampers
- Purge cycle option (ZP3 panels only)

Warranty:

- 10 Years
